Digital Download – Quick Start Guide

(WeTransfer | Mac & Windows)

Thank you for your purchase! Your digital music collection is delivered via **WeTransfer**. Follow the steps below to download and access your files.

Quick Start Steps

1. **Click Your Download Link**
   Open the WeTransfer link provided at the bottom of this page/email.
2. **Accept the Terms (If Asked)**
   Click **Accept** or **I Agree** to continue.
3. **Click "Download"**
   You do **not** need to create a WeTransfer account.
4. **Wait for the Download to Finish**
   ○ Files are **large** — download time depends on your internet speed
   ○ Use a **computer** (recommended)
   ○ Do not close your browser or let your computer sleep
5. **Find the Downloaded File**
   The file will be saved in your **Downloads** folder.
6. **Extract the ZIP File (Required)**
   ○ **Mac:** Double-click the ZIP file
   ○ **Windows:** Right-click → **Extract All**
7. A new folder will appear with your music files.
8. **Move Your Music**
   Drag the extracted folder to:
   ○ An external hard drive
   ○ A USB flash drive
   ○ Or a music folder on your computer

Common Problems & Fixes

Problem: "The file won't open"

✓ The file is still zipped.

➡ Extract the ZIP file first (see Step 6 above).

Problem: Download stopped or failed

✓ Internet connection dropped or computer went to sleep.

➡ Reopen your link and restart the download using a stable connection.

Problem: "Not enough disk space"

✓ The collection is large and requires free space.

➡ Free up storage or download directly to an external drive.

Problem: Mac says the file can't be opened or isn't trusted

✓ macOS security setting.

➡ Right-click the file → **Open** → **Open** again.

Problem: Windows says the file may be unsafe

✓ Normal Windows security warning.

➡ Click **More info** → **Run anyway** or **Keep**.

Problem: Files downloaded but music isn't showing in DJ software

✓ DJ software hasn't scanned the new folder yet.

➡ Import or rescan the extracted folder inside your DJ software.

Important Notes

- Your download link is **valid for 1 year** from purchase
- You may download the files **multiple times** during that period
- Always extract files **before** importing or transferring
